

# Stable

Release Schedule:

Release Name	Codename	ONNV Target
2011-Q1	Foreverware	TBC
2012-??	The Retainer	TBC

**TESTERS** For those wishing to test stable updates to OSol b134 you can apply the [stable patch queue](#) to an onnv\_134 checkout and build your own stable onnv. The patches are a mix of fixes and important feature back ports.
